.IE DIGITAL TRUST STARTER PACK

Your first year of Web60 and a **.ie domain**, free.

A step-by-step guide to redeeming your Starter Pack code, registering your .ie address and building your website with the Web60 AI Site Builder.

COST TO YOU

Nothing for year one

TIME NEEDED

About 10 minutes

USE YOUR CODE BY

31 March 2027

CARD NEEDED

No

web60.ie/starter-pack

Questions? hello@web60.ie or 01 901 9700

Web60 is a trading name of
SmartHost Web Services Limited

WELCOME

What your Starter Pack gives you

.IE covers your first year of the Web60 plan and your .ie domain. You get everything every Web60 customer gets.

Included for your first year

- ✓ **A .ie domain**, new or transferred from another provider
- ✓ **AI website builder** that writes your pages and picks a design
- ✓ **Managed WordPress hosting** on our own servers in Ireland
- ✓ **Free SSL certificate**, so the padlock is on from day one
- ✓ **Backups every 12 hours**, kept for 7 days
- ✓ **24/7 monitoring** for downtime and security problems
- ✓ **One-click WP Admin** from your Web60 account

Before you start, have ready

- ✓ **Your Starter Pack code**. .IE emails it to you when you are approved. It looks like **DTSP-XXXX-XXXX**.
- ✓ **An email address** you check often. Your login details go there.
- ✓ **The .ie name you want**, plus a second choice in case it is taken.
- ✓ **Your connection to Ireland**. .ie domains are for people and businesses with a real connection to Ireland. Have your business or home address ready, and a CRO or RBN number if you have one.
- ✓ **A sentence about your business**. The AI builder uses it to write your site.

Good to know

- Each code is unique and works **once**. It sets up one new Web60 account.
- Use your code by **31 March 2027**. After that it will not work at checkout.
- Codes come from .IE, not from Web60. To apply, go to **digitaltrust.ie**.
- Already a Web60 customer? Contact us before you start, as the code is for new accounts.

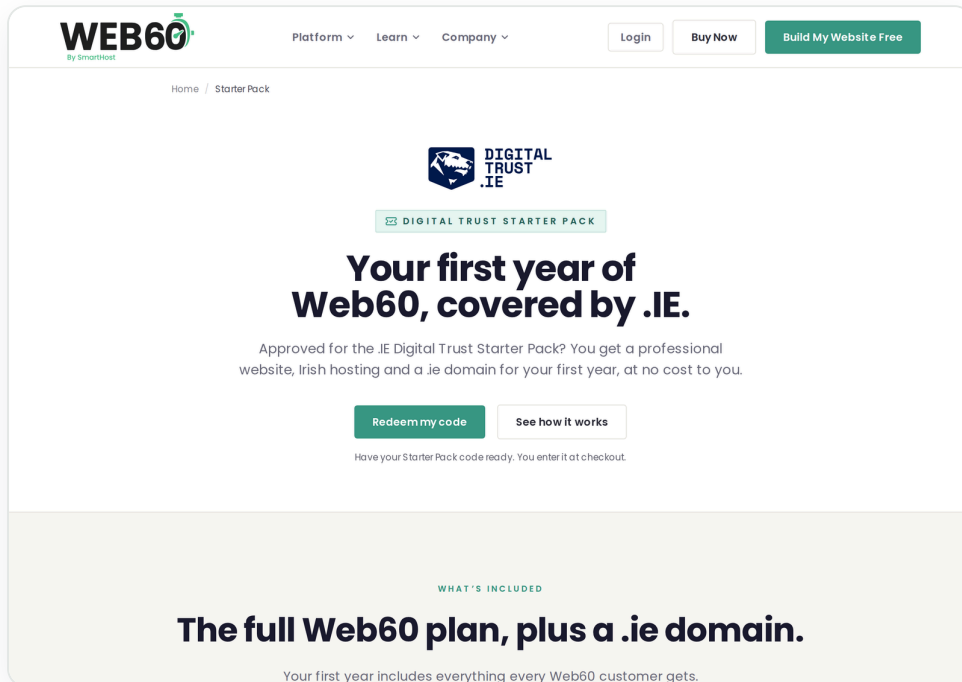

PART 1

Redeem your code and claim your .ie

1

Go to web60.ie/starter-pack

Open web60.ie/starter-pack in your browser and click **Redeem my code**. This opens the Web60 checkout.

2

Enter your email address

Type the email address you want to use for your Web60 account. Leave **AI Website Builder** selected, so your site comes with the builder ready to go.

Your email

No account found - we'll create one for you when you complete your order.

Site Type

☒ AI Website Builder ☐ Empty WordPress

AI generates a complete website tailored to your business.

3

Choose your .ie domain

Under **Domain**, keep **Register a new domain** selected. Type the full name you want, including **.ie**, for example **yourbusiness.ie**. Click **Check**.

If it is available, it shows as **Free first year**. If it is taken, try your second choice.

Domain

☒ **Register a new domain** (.ie, .com, .co.uk...) from €0.00/yr

☒ **kilbegganbakehouse.ie** €19.99 **Free first year!**
Renews at €19.99/year

☐ **Use my own domain**

☐ **Use a free temporary domain**
Add a custom domain anytime from your portal

Already own a .ie? Choose **Use my own domain** instead and enter it. After signing up, ask our support team to transfer it to Web60. For Starter Pack customers the transfer and the first year are free.

4

Add your name and your Starter Pack code

Under **Your details**, enter your first and last name. Click **Have a promo code?**, type your code exactly as .IE sent it and click **Apply**.

First and last name

Business? Add your VAT number

Have a promo code?

The code in these pictures is a sample. Use the code .IE sent you.

5

Check that your total is €0.00

Once the code is applied, **Your plan** shows **Total today €0.00** and your .ie domain as free for the first year. You will also see **No payment needed**. You do not need a card.

YOUR PLAN	
Web60 WordPress – Annual	€60.00
kilbegganbakehouse.ie (1 year)	€19.99 €0.00 (Free first year!)
SSL Certificate	Included
Subtotal	€60.00
VAT (23%)	€13.80
Total today	€73.80 €0.00
Your first year is covered. Renewals on 12 Oct 2027	
100% Irish hosted SSL included	

If you see a price to pay, the code has not been applied. Check you typed it correctly and click **Apply** again. If it still does not work, contact us and we will sort it out.

6

Accept the terms and activate

Tick **I accept the Terms of Service and Privacy Policy**, then click **Activate my website**.

Your details

We just need a few details to get you set up.

First and last name

Business? Add your VAT number

Have a promo code?

☒ DTSP-SAMP-LE01 applied

No payment needed

Your code covers your first year. There is nothing to pay today.

☒ I accept the [Terms of Service](#) and [Privacy Policy](#).

14-day cooling-off period applies. Domain registrations are non-refundable and will be deducted from any refund. [Domain terms](#) →

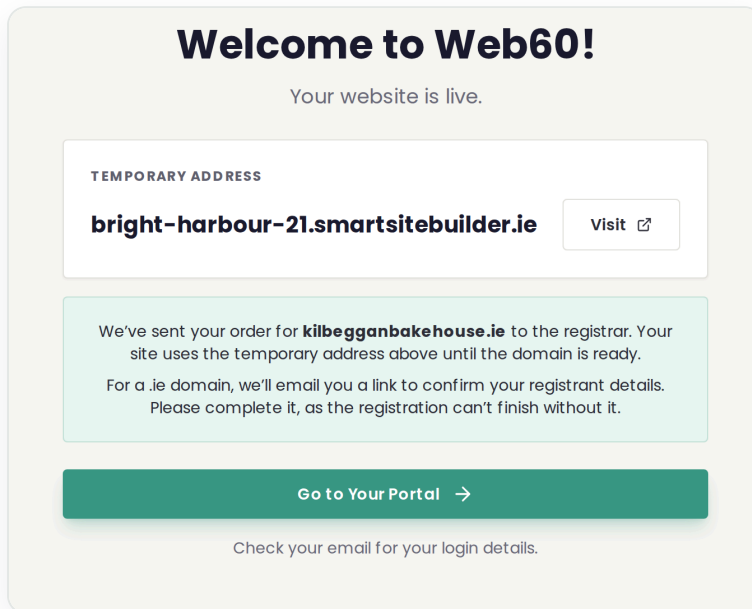

Activate my website →

Nothing to pay today. We email your renewal invoice before 12 Oct 2027.

7

Welcome to Web60

Your website is set up in about a minute. You will see its **temporary address**, which ends in **.smartsitebuilder.ie**. Your site uses this address until your .ie domain is ready, then switches over by itself.

PART 2

What happens next

1. Check your email

We email you a link to **set your password** for your Web60 account at **app.web60.ie**. Not there in a few minutes? Check your spam folder.

2. Confirm your .ie details

We email you a link to **confirm your registrant details** for your .ie. Please complete it. The registration cannot finish without it.

3. Reply if the registry asks

The registry may ask for a document that links you to the name, such as a bank statement or CRO certificate. We tell you exactly what is needed.

4. Your .ie goes live

Once approved, a new .ie can take up to 48 hours to work everywhere. Build your site on the temporary address meanwhile.

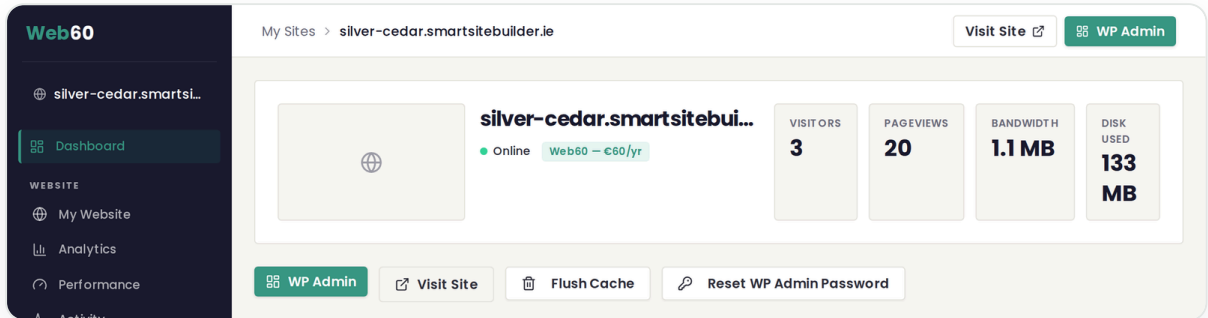

PART 3

Build your website with the AI Site Builder

1

Sign in and open WordPress

Sign in at **app.web60.ie** and click **WP Admin**. You are signed in to WordPress automatically. There is no second password.

2

Describe your business

The builder opens by itself on a new site. Enter your business name and a sentence or two about what you do, where you are and who you serve. Click **Next**.

The screenshot shows the Web60 AI Site Builder form. At the top is the Web60 logo. Below it is the heading 'Describe the website you want to build'. The form has two main sections: 'Website title (required)' with a text input field containing 'Kilbeggan Bakehouse', and 'Describe your website' with a larger text area containing the text: 'A family-run artisan bakery in Kilbeggan, Co. Westmeath. We bake sourdough, scones and celebration cakes every morning, and take orders for collection and local delivery.' Below the text area are two buttons: 'Enhance with AI' and 'Next >'. At the bottom of the form, there is a small line of text: 'By using AI features, you agree with the Terms of Use and Privacy Policy.' In the bottom left corner, there is a link '< WP Admin Dashboard'.

3

Let the builder work

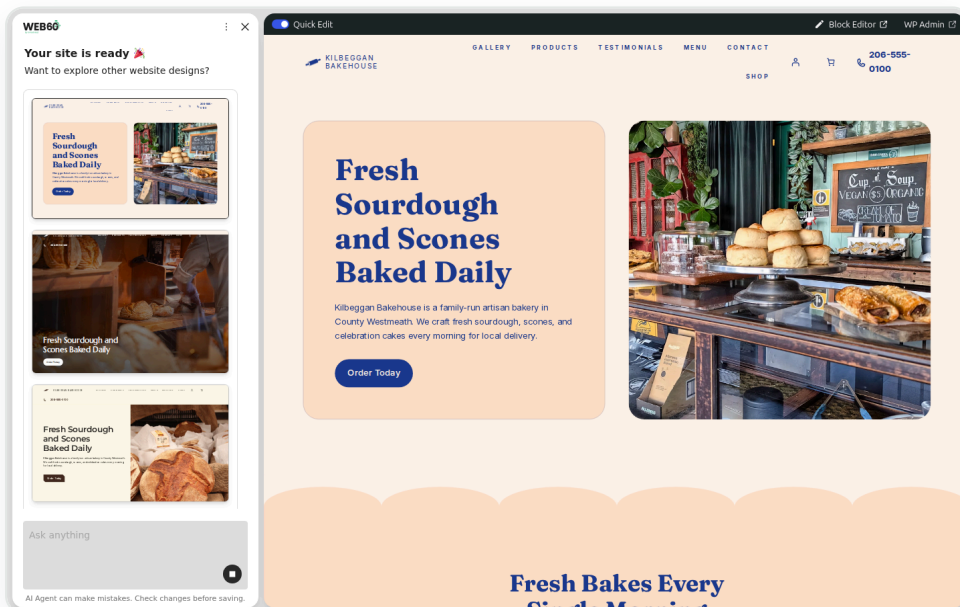

The builder writes your pages, chooses images and picks a design. This takes about a minute. Keep the page open.

4

Your site is ready

You now have a complete website. On the left you can try other designs, or type a request in **Ask anything**, for example "change the phone number to 057 123 4567".

Check the details. The builder uses sample contact details, prices and opening hours. Replace them with your own before you share your site. If it offers to create accounts with other plugin providers, you can click **No thanks**.

AFTER YEAR ONE

What it costs from year two

We email you a renewal invoice before your first year ends. You can cancel at any time from your Web60 account.

Web60 plan	€60 a year
------------	------------

.ie domain	€19.99 a year
------------	---------------

Prices exclude VAT at 23%

Your Starter Pack at a glance

- Year one: **free**
- Card needed: **no**
- Code works: **once**
- Use it by: **31 March 2027**
- Hosted in: **Ireland**

FAQ

It says my code is invalid or already used.

Check it letter by letter against the email from .IE. Each code works once, so if you started an order before, contact us and we will check it for you.

The .ie name I want is taken.

Try a variation, such as adding your town or a word like "studio" or "shop". You can also start on a free temporary address and add your .ie later.

I cannot find the email to set my password.

Look in your spam or promotions folder for an email from Web60. You can also use **Forgot password** at app.web60.ie with the same email address.

Do I need technical skills?

No. If you can describe your business, the builder can draft your site. Our guides and support team help with the rest.

WE ARE HERE TO HELP

Need a hand?

Our Irish team is happy to help you get set up.

Live chat

Click the chat bubble on web60.ie or in your Web60 account. AI-assisted chat around the clock, with our team online Monday to Friday, 9am to 6pm.

Support ticket

Raise a ticket from your Web60 account. We reply within one business day.
